Your Role in the Card Ecosystem

Associate members provide the technologies, materials, equipment and specialized expertise that bring cards to life.

Your products and services help card manufacturers and personalizers advance innovation, improve performance and meet the evolving needs of the global card ecosystem.

At the Center of a Connected Ecosystem

- **Suppliers:** Provide materials, components, equipment and technologies
- **Manufacturers:** Produce finished cards and credentials
- **Personalizers:** Individualize cards with data and security
- **Issuers:** Bring cards to end users
- **End users:** People and organizations worldwide

Your Impact on the Industry

Associate members make innovation possible by providing the technologies, materials, equipment and expertise that help manufacturers, personalizers and issuers improve operations and introduce new capabilities. Your solutions shape the industry's evolution as physical cards connect with digital identity and meet growing expectations for security, sustainability and user experience.

Who Qualifies?

Associate members represent one of the broadest areas of the card ecosystem and may include companies providing:

- Card materials, films and substrates
- Chips and integrated circuits
- Antennas and inlays
- Magnetic stripe materials
- Holograms and security features
- Inks, coatings, adhesives and laminates
- Printing and finishing technologies
- Card manufacturing equipment
- Personalization equipment
- Inspection and quality-control systems
- Testing equipment and services
- Software and production systems
- Authentication and security technologies
- Digital identity and credential solutions
- Packaging and fulfillment technologies
- Components and consumables
- Other specialized products and services supporting card production and use
