ICMA’s Élan Awards showcase the world’s best cards and technology

BE RECOGNIZED INDUSTRY-WIDE AS A LEADER IN CARD INNOVATION AND DESIGN

Every year, the prestigious ICMA Élan Awards cast a spotlight on the best of the best in the global card industry, honoring world-class achievements in both card design and technological innovation. Widely acknowledged as the most renowned platform for card excellence, the coveted Élan Awards distinguish ICMA manufacturer, supplier and personalization/fulfillment members before peers and customers as industry leaders. The Élan Awards celebrate ICMA members’ commitment to the design quality and technical advances that drive the future of the global card industry, which is ultimately the true winner in this acclaimed program.

DEADLINE: SEPTEMBER 1, 2021
Showcasing the World's Best Cards and Technology

Now in its 24th year, the ICMA Élan Awards gather entries from around the world to recognize innovative card designs, technologies, and other criteria that establish the global vanguard for card manufacturing. The distinction of an Élan Award offers significant promotional opportunities for high-profile industry recognition and visibility.

Open to ICMA members only, the Élan Awards will be presented at the ICMA EXPO Awards Dinner in Orlando, Florida on November 9. With the exception of the People’s Choice award, an independent panel of card industry experts recognize one winner and two finalists for each award category. Awards are bestowed upon and issued to both winning manufacturers, personalizers, and their customers.

CATEGORIES:

Feature Cards: These include Biometric Cards, Environmentally Friendly Cards and Metal Cards from any non-secure or secure categories listed below. There will be an award winner for each Feature Cards segment - biometric, environmentally friendly and metal cards.

Secure Payment Cards: These include Financial, Retail or Gas/Petrol branded cards from secure issuing organizations like VISA, MasterCard, American Express, Discover, UnionPay or Retailers like Macys, WalMart, or Gas/Petrol companies like Shell, Exxon, BP. The card can be magnetic stripe or smart chip with debit, credit or prepaid as long as it bears the branding logo of a recognized secure issuer.

Loyalty, Promotional, Gift Cards: Includes cards for airline, hotel, car rental and grocery loyalty programs. Also, gift cards with a prepaid value usually initiated at check out. Cards must be printed on card stock of 24 to 30 mil thickness and can be magnetic stripe or smart chip.

ID and Access Control Cards: Includes government-issued cards like healthcare, drivers license or national ID. Also includes cards for access control such as door keys, access ID badges or cards for entry/access. Cards can be magnetic stripe or smart chip and may or may not have photo identification.

Unique Innovation: Most innovative technical achievement in card functionality or Personalization/Fulfillment product or service that demonstrates novel, unique or expanded functionality in response to customer application requirements. Entries must be card industry based products or services.

Personalization & Fulfillment (P&F) Product, Service or Project: P&F bureaus can enter a new card-based product, service or project that was launched into the card market this past year. It should be unique and attractive card package that was personalized and fulfilled to the cardholders of a specific secure or non-secure market and issuer.

Best Supplier/Vendor New Product, Service or Innovation: Associate members can enter your own product, service or innovation that was utilized in the card and/or personalization & fulfillment industry this past year. This could include items such as materials, equipment or services.

People’s Choice (selected by ICMA EXPO member delegates): Attendees at the EXPO (exclusive of spouses or guests) will select their favorite Card or P&F Product or Service from all of the entries received in any of the above categories. These entries will be displayed face-up without identification of the ICMA member entrant.

CARD MANUFACTURER JUDGING CRITERIA

Graphical Design: Creative, attractive design elements and layout to convey information or create an effect.

Printing: Utilization of litho and silk screening and other specialized printing techniques and processes to obtain maximum impact relevant to the card’s graphic design.

Complexity: Utilization of the multiple manufacturing steps, processes, materials and components available including printing, lamination, die cutting/card reduction, hot stamping, embedding and other processes.

Technology: The application of science, knowledge, tools and methods in the development and creation of the card.

Quality: Overall card manufacturing quality including printing, lamination, die cutting, magnetic stripe positioning, foiling, signature panels, holograms, photos, chips or any other enhancement.

Innovation: The utilization of a new technique, method, process or material to develop cards that have been produced and accepted in the marketplace.

Uniqueness: Attributes that enable the card to be the only type of its kind. It should be without an equal – unparalleled and special.

Practicality: Useful, workable and sensible attributes which facilitate market use and acceptance.

Security (If applicable): Application of visible and covert techniques for human verification or instrument or lab verification of a card’s authenticity.

PERSONALIZATION & FULFILLMENT JUDGING CRITERIA

The application of science, engineering, knowledge, tools and methods in the development and creation of the new product, service or innovation. Must have useful, workable and sensible attributes which facilitate market use and acceptance.

SUPPLIER JUDGING CRITERIA

The application of science, knowledge, tools and methods in the development and creation of the new product, equipment or material. Must have useful, workable and sensible attributes which facilitate market use and acceptance.
Enter to showcase your company and customer's best work!

ENTRY RULES:

• ICMA reserves the right to re-categorize entries and review submissions to ensure they meet eligibility requirements.

• The same card can be entered into multiple categories however each entry is considered a separate stand-alone entry.

• Eligible cards and P&F products must have been manufactured and issued after March 6, 2020 and before June 30, 2021. The supplier/vendor new product must have been introduced at your company after this date. Issued cards are branded and being utilized in the marketplace. Only cards and P&F products that are manufactured for an issuer customer and issued into the marketplace are eligible (i.e. cards or P&F products used as product samples or prototypes are not eligible).

• Entrants must be current 2021 ICMA members.

• Eligible cards must have been manufactured by the entrant and eligible Personalization & Fulfillment services performed by the entrant. It is the responsibility of the entrant to obtain all necessary permissions to participate.

• There is an entry fee of $125 (USD) per entry.

• All cards and P&F products become the property of ICMA unless security rules require them to be returned to the entrant. If so, please write on the back of the entry “return to entrant” and include a self addressed envelope for return. Note that card manufacturers and P&F service providers are responsible for return shipping costs.

• Customer/issuer authorization for submitting the cards is the responsibility of the ICMA member entrant. Please use the sample letter on the ICMA website and type it onto your own letterhead with the card-specific information to obtain any necessary customer approval. ICMA is not responsible for any action relating to any unauthorized duplication, copyright infringement, etc. that may arise from the award contest.

ENTRY INSTRUCTIONS:

The Entry Form is located online at www.icma.com. All entries must be filled out and payments submitted via this online form.

Step one: Fill out the necessary information on the Entry Form for each individual entry and make payment. Entries for multiple cards can be done in one step.

Step two: Prepare your cards and P&F products to ship and arrive at ICMA by the September 1, 2021 deadline.

Once you have filled out the online form, each entry will be assigned an Entry ID number by ICMA Headquarters, which will be e-mailed to you. This number should be clearly labeled on the back of each card being sent in. Please do not use clear labels. Cards that are not labeled will be disqualified.

For each card entry, submit three identical cards or P&F products, with the three cards or P&F products per entry in their own individual plastic sleeve. Send to ICMA Élan Awards, 191 Clarksville Road, Princeton Junction, NJ 08550 USA.

Include with the cards or P&F products, on company letterhead, a list of the cards or P&F products being entered using the following format:

- Card/P&F Name / Customer / Entry number assigned by ICMA
- Card/P&F Name / Customer / Entry number assigned by ICMA
- Card/P&F Name / Customer / Entry number assigned by ICMA

Contact person: NAME, PHONE NUMBER, E-MAIL ADDRESS

Credit card payments via the online Entry Form are preferred. If you must submit payment by wire transfer, please contact ICMA Headquarters at info@icma.com. A $50 processing fee will be added for paying by bank wire. If payments are not received by September 8, 2021, your entry will be disqualified.

Entry form and cards must be received at the ICMA office by September 1, 2021.
